OBJECTIVE

To obtain an internship within my chosen field that will challenge me and allow me to use my education, skills and past experiences in a way that is mutually beneficial to both myself and my employer and allow for future growth and advancement.

WORK EXPERIENCE

Noustek Labs

Software engineer intern

(September 2021 - March 2022)

- Worked majorly on the frontend aspects of "WE - citizens" app.
- Focussed on building POC's first and upon approval implemented the same in the main app.
- Learnt to understand and implement multiple external npm packages.
- Built tiny yet significant features with best attempt to writing clean code.

EDUCATION

SAE, Pune

Bachelor's in Engineering Computer Science

(July 2019 - July 2023)

9.2

KJ Somaiya college of science and commerce

Science

(June 2017 - February 2019)

80%

I try to

PROJECTS

devPlays

<https://devplays-shub78910.herokuapp.com/>

(January 2022 - January 2022)

devPlays is a video library app, somewhat a youtube clone, built primarily to work with the MERN stack and get comfortable with it.
